

NEED STRONGER DRILLS?

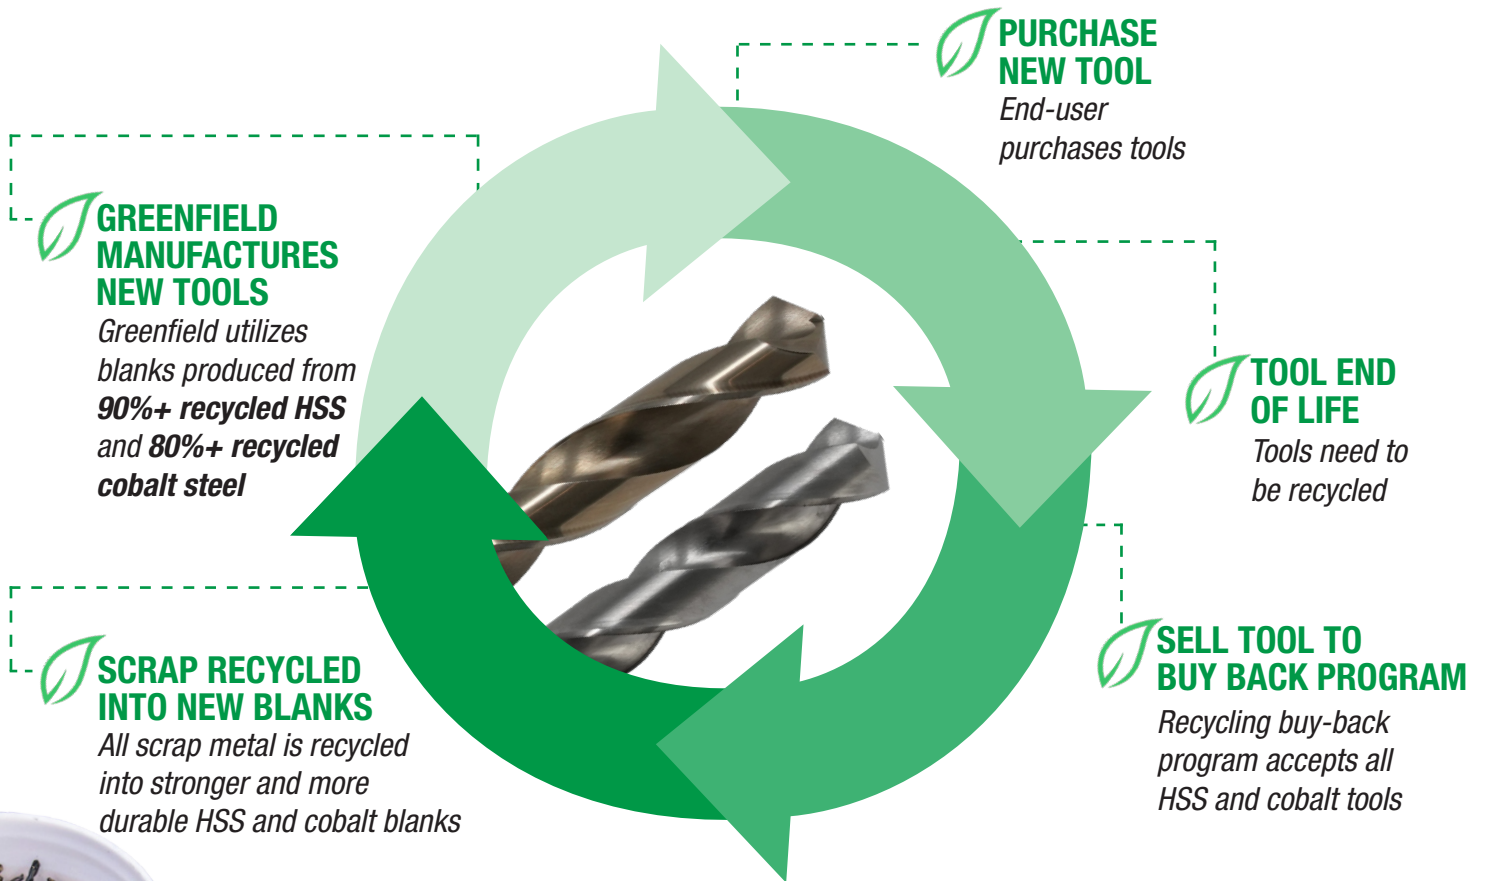

Embrace the eco-revolution and discover the benefits of using drills made from recycled materials.

Benefits of drills made with recycled materials

RECYCLED HSS and Cobalt material is **SUPERIOR to virgin material**, as the more the product has been processed, the more **HOMOGENOUS** the material becomes, which helps prevent voids in the material with **REDUCED CRACKING** and **BREAKING**.

- Stronger, longer lasting tools
- Reduces pollution
- Keeps metal out of landfills
- Conserves energy
- Recuperate costs by selling used materials to buy-back program
- Reduces new raw material extraction from the earth
