**Greenfield Industries will help you
save time and increase productivity
in your toughest applications.**

Greenfield Industries manufactures cutting tools for the Contractor / Construction Industry in a large variety of sizes and styles.

Problem

Finding a high quality, versatile drill bit set for use while out on the job site.

Solution

Cle-Line® Style 1875R drills penetrates the workpiece on contact, a requires less pressure to get started, and will **stand up to demanding applications**. Sets are packaged in a durable well marked kit, with lid.

Problem

Premature chipping and breakage of your masonry bits.

Solution

Cle-Line® Style 1821 & 1833 bits are tipped with ultra-tough premium carbide. They are specially designed for **long life and continuous precision**.

Problem

Finding a Glass & Tile Bit that stands up to demanding applications.

Solution

Cle-Line® Style 1822 glass & tile bits are new and improved with a harder, **more wear resistant** carbide grade. Seamlessly drills through tiles up to class 3.

Problem

Current Reciprocating Blades lack the durability in the toughest demolition applications.

Solution

Cle-Line® Style RSB reciprocating saws are engineered wider and thicker **to increase strength, and reduce breakage**. Blades made specifically for metal, wood, pallets, pipe, rod or conduit.
